To the References Committee, Senate ECITA

Submission for Options for Method of Appointment to the Board of the ABC.

Dear Committee Members,

As a retired Citizen who values the Australian Broadcasting Corporation, I wish to call for a completely new Board, in which people may have confidence.

1 - Members to be chosen on merit by a Joint House of Representatives and Senate Parliamentary Standing Committee.

2 - The ABC to be accountable to this P. Standing Committee, which should be in charge of Funding and the oversight of issues arising from it.

Public demand for securing the national broadcasters' independence and integrity is above party politics.

Yours respectfully,

David R. Dynes
