Submission to Senate Inquiry on ABC Board Appointments

8 August 2001

I wish it to be known by the Inquiry that neither the current ABC Board, chaired by Donald McDonald, nor the current ABC Managing Director, Jonathan Shier, have the confidence of myself or my husband. We are convinced that they no longer carry out the wishes of the Australian public in their governance of the Corporation.

We ask that the Senate Inquiry recommend that the Parliament introduce a system which ensures members of the ABC Board are appointed on the basis of merit and commitment to independent and comprehensive national public broadcasting, not allegiance to the government of the day
