Subject: RE: Our ABC

Dear sir(s)

I am writing to you to voice my opinion that that current board of directors of the ABC do not have my or the general public's popular support, and seem to have no regard for the public's opinion needs, nor do they seem to respect the expertise and vision of current long-standing ABC employees.

I implore you to address the current crisis and mislead direction of our nation's objective broadcaster.

Sincerely,

Lucian McGuiness
