

**SUBMISSION TO THE INQUIRY INTO THE  
Australian Broadcasting Corporation Amendment Bill 2006**

The ABC needs a staff elected director.

As a staff member it provides me with a level of security knowing that we have a representative at board level. I have enjoyed reading all the correspondence from Romona Kaval which keeps me informed as to what is happening from a staff perspective. Others will no doubt write more fully and eloquently on the subject but I couldn't let this proposed decision pass without voicing an opinion.
