

# **Recommendations**

## **Recommendation 1**

**4.78** The committee recommends that in all future negotiations for the establishment of Marine Protected Areas, the oil and gas industry be part of the process so that all stakeholders are fully aware of the range of issues that impact upon the marine environment.

## **Recommendation 2**

**4.104** The committee recommends that specific consideration be given to the level of capacity for coastal NRM groups and to the funding arrangements made available to NRM groups to assist in acquiring the necessary marine expertise.

## **Recommendation 3**

**5.76** The committee recommends that all governments give greater priority to Indigenous knowledge and participation in park management generally, and fire management in particular.

## **Recommendation 4**

**6.5** The committee recommends the implementation of all recommendations made in the 2004 Environment, Communications, Information Technology and the Arts References committee report *Turning back the tide – the invasive species challenge* that have not yet been addressed.

## **Recommendation 5**

**6.6** The committee recommends that the Government response to the 2004 Environment, Communications, Information Technology and the Arts References committee report *Turning back the tide – the invasive species challenge* be finalised.

## **Recommendation 6**

**7.27** The committee recommends that the Commonwealth, States and Territories boost the resilience of reserves against the effects of climate change by focussing on increasing their connectivity, so that they contain a continuum of different climatic zones, altitudes and ecosystem types.

## **Recommendation 7**

**9.48** The committee recommends that management plans clearly identify practical on-ground outcomes and that protected area agencies have in place comprehensive monitoring and evaluation programs to continually assess management effectiveness and the extent to which protected area values are being maintained.

## **Recommendation 8**

**9.89** The committee recommends that best practice preparation and revision of reserve management plans should ensure that stakeholders, are consulted at the commencement of planning processes, rather than beginning with seeking comment on draft plans.

## **Recommendation 9**

**9.113** The committee endorses the Gilligan report findings and recommends that the Commonwealth substantially increase funding to the Indigenous Protected Areas Programme, and that funding for this Programme also be provided by state and territory governments.

## **Recommendation 10**

**10.19** The committee recommends that the Commonwealth Government examine ways to encourage State and Territory Governments and their relevant agencies to engage more fully in programs that provide opportunities for recreational groups and users to contribute in positive ways to the conservation and maintenance of park resources.

## **Recommendation 11**

**10.20** The committee recommends that the Commonwealth Government examine ways to encourage State and Territory Governments and their agencies to work collaboratively with recreational groups to identify further opportunities for activities such as horse riding, mountain biking and four wheel driving, where these activities will not unduly impact on the environment.

## **Recommendation 12**

**11.48** The committee recommends that every jurisdiction implement, where appropriate, legislative or administrative reforms that ensure that conservation covenants are registered on the title of the land.

## **Recommendation 13**

**11.67** The committee recommends that all governments, in consultation with the ATO and private conservation organisations, examine improved tax treatment for private initiatives that provide long-term, secure conservation benefits.

## **Recommendation 14**

**12.34** The committee recommends that all states and territories publish comprehensive information in a national consistent form on funding levels for ongoing management of national parks and reserves, including staffing resources, and that this information be published annually in the relevant annual reports.

### **Recommendation 15**

**12.35 The committee recommends that all states and territories, at a minimum, maintain their budgets for national parks and reserves in real terms to meet expansions in the reserve estate and operational requirements.**

### **Recommendation 16**

**12.102 The committee recommends that the Commonwealth review the funding formula under the NRS Programme to take greater account of the on-going management costs borne by the states and territories.**

### **Recommendation 17**

**12.103 The committee recommends that in the upcoming NHT3 funding round the Commonwealth significantly increase the funding allocation directed to the NRS Programme.**

### **Recommendation 18**

**12.118 The committee recommends that the Commonwealth consider substantially increased funding for Word Heritage Areas.**
