

THE SECRETARY  
SENATE ECONOMICS REFERENCE COMMITTEE  
ROOM 56 64 PARLIAMENT HOUSE  
CANBERRA 2600

DEAR SIR / MADAM

When GST was introduced - Flat TAX - 25%  
should have been in place at the same time.  
Rich and Poor should pay equal TAX - Flat  
TAX will keep economy better. People have  
more incentive to work and not Dodge because  
people know what they're working for.  
Age Pension should be full pension not charity.  
Like those in the government - NO ASSET TEST.  
What's the difference - people working HARD and  
government people - (It's alright for Bludgers  
But not for working people)  
Monies in Bank - should not be TAX as those  
monies earned have already been TAXED before  
depositing in Bank. That's why people Bury  
money in the ground. And the Rich take money  
AWAY from the country. Flat TAX is the  
ANSWER.

We've been calling 9x FreeCALL - 1300 301 918 We  
CAN'T get through. What's wrong with this  
number.

Thank you.

Sincerely Yours  
O Klavin
