Senator Ruth Webber

Dear Senator

My wife & I are more than willing to assist in your fuel pricing policy. In Loveton we only have one outlet which is B P or Lovecign, I have just returned from there & their prices are PREMIUM \$171-2  
ULDM62-3 DIESEL \$164

I would like to draw your attention to the fact that as age pensioners we receive a remote area allowance of \$9 per week, the same as it has been for years, this is no way compensates for the high cost of living compared to the city, or the high cost of fuel.

We are both Party members of Kalgoolie Boulder & well known to John Bowler.

all the very best
