Dear Secretary,

ISCA Submission to Senate Inquiry into School Funding

I wish to confirm that we support the ISCA submission as it accurately represents the views of this Association which is the peak body for the independent school sector in New South Wales.

The brief submission by this Association should be seen therefore as providing further information and views in support of the ISCA submission. Together, these submissions are based on more than twenty five years of significant experience in working closely with both schools and governments on issues related to the funding support of the education of students.

Officers of this Association will be available to provide further information if it is requested as it is our fervent wish that the needs and views of the independent schooling sector are taken into account fully by the Inquiry.

Yours sincerely

To whom it may concern,

Re: Senate Inquiry into Schools Funding

The Association of Independent Schools of Victoria (AISV) Incorporated was established in 1949 to represent and promote the interests of Victorian independent schools. It is a non-profit organisation incorporated under the Associations Incorporation Act 1981.

AISV represents more than 200 non-Government schools which in turn equates to 98% of Victorian independent schools and 99% of students who attend independent schools.

AISV is a member of the Independent Schools Council of Australia (ISCA) and as such AISV supports the ISCA submission to the *Senate Inquiry into Schools Funding*.
