To The Chair - Senator Judith Troeth  
Senate Employment, Workplace Relations and Education Committee Inquiry into Commonwealth  
Radioactive Waste Management Bill 2005

Dear Senator,

I am deeply concerned about the proposed radioactive waste dump in the NT and the way the NT Governements Position is being ignored and overridden. Could you please explain to me why we are imposing this site on Australia's poorest economical region and take the risk of exposing traditional people and their future generations to this significant health risk.

Yours sincerely,

Nico Hirzel
