Subject: Nuclear Waste dump proposal

The Chair - Senator Judith Troeth

Senate Employment, Workplace Relations and Education Committee

Inquiry into Commonwealth Radioactive Waste Management Bill 2005

As a resident of the Menai (Lucas Heights) area, I have concerns about the proposed site for a Nuclear Waste Repository in the Northern Territory.

Having travelled the inland extensively, it is no more unimportant than our coastal towns and cities.

My question is, if the South Australian government saw fit to reject this proposal for SA, why does the Federal Government see fit to impose it on the Northern Territory?

As an ordinary Australian citizen, I do not think it right to degrade the environment with a toxic waste dump ANYWHERE it what is one of the world's most beautiful natural environments.

I look forward to your response.
