Subject: NT nuclear waste dump

To whom it may concern,
I am writing as a concerned NT citizen, to state my objection to the imposition of a nuclear waste dump in the NT.

There has not been adequate consultation with stakeholders and it is not right that the federal govt. is forcing the NT to accept a waste dump. I know that the SA site was rejected because of a strong community campaign and given time, I feel that many Territorians would object equally strongly.

If this facility is so "safe" then why cannot it be located at Lucas Heights?

Please don't rush into this, it has very longterm consequences.

Yours sincerely,
Angela Milthorpe
