The Chair - Senator Judith Troeth
Senate Employment, Workplace Relations and Education Committee Inquiry into Commonwealth
Radioactive Waste Management Bill 2005

Dear Judith,

I am writing to urge you to reject this frightening possible legislation and remind you that the present federal government gave an absolute categorical assurance to the NT that there would be no nuclear dump imposed. There are many other reasons why the bill needs to be rejected which I am sure you are aware of. Please do the right thing and help get this bill thrown out.

yours sincerely, Peter Gibson
