Submission To

The Chair of the Senate Employment, Workplace Relations and Education Committee
Inquiry into the Commonwealth Radioactive Waste Management Bill 2005 -

comments: I have been in the Territory for over 20 years and intend on staying here. Having this waste dump here makes a lot of sense. We have vast open spaces that will never be used for any thing. Having the opportunity to use a small bit of this useless land is a big plus in my mind. We could be like America and build a hugh casino, or two, in the middle of the dessert. These would be more conspicuous than an underground dump. If the Territory people, business and government can make money out of managing the country's waste then I believe it should proceed.
