Submission To

The Chair of the Senate Employment, Workplace Relations and Education Committee
Inquiry into the Commonwealth Radioactive Waste Management Bill 2005 -

comments: I think that the N.T. would make an excellent location for a nuclear waste site. Its geological stability and remoteness enhance this. Furthermore, the fact that we already mine uranium here in the N.T. makes this an opportunity to expand our contribution to Australia's nuclear industry.

I consider my view point valid as I have lived in the N.T. since 1968.
