Submission To

The Chair of the Senate Employment, Workplace Relations and Education Committee
Inquiry into the Commonwealth Radioactive Waste Management Bill 2005 -

comments: The vast majority of Territorians do not want this nuclear waste facility. In the Katherine region it will harm the main areas of income which is tourism, agriculture and beef production. In relation to the proposed Fishers Ridge Site, The NT Agricultural Association does not want it, nor does the Fox Road fruit and vegetable growers, nor the Amateur Fishing Association. As a long time Katherine resident, I dont want it, and the list goes on. There is no scientific reason for this site. No studies done in the area for if there had been, it would be deemed very, very unsuitable due to its close proximity to flood prone areas. And dont tell us there will be no accidents. And how do you propose to transport the waste? Ridiculous that is what the suggestion of the Fishers Ridge Site.
