Submission To

The Chair of the Senate Employment, Workplace Relations and Education Committee
Inquiry into the Commonwealth Radioactive Waste Management Bill 2005 -

comments: If it is your nuclear waste, why don't you keep in your own back yard, why off load your problem's and waste into another state. Is that your solution "OUT OF SIGHT OUT OF MIND' ????

As nuclear waste is such a problem, stop using it, use solar power instead, there have plenty of Australian's with really good ideas on how to preserve the environment.
