Submission To

The Chair of the Senate Employment, Workplace Relations and Education Committee
Inquiry into the Commonwealth Radioactive Waste Management Bill 2005 -

comments: I oppose any form of nuclear waste storage in the Northern Territory on environmental grounds, having serious concerns over the sites chosen and the validity and accuracy and editing and selective reporting of environmental impact statements. I also oppose because the logistics and transport raise serious health and safety issues and I oppose on the grounds that my rights as a citizen of the Northern Territory, a small population base, are being completely disregarded by a Federal Government that stated categorically prior to last years election that there would be NO nuclear waste dump in the Northern Territory.
