Subject: Changes to the Public record

Sir,

the following changes/explanation has been cleared through DGPERS-AF who has requested that the public record be amended. Accordingly, please take the appropriate steps to feed this into the MJT Secretariat.

thanks

Hansard: of 1 March 2004 page 45 and Hansard of 2 August 2004 page 26 and 27 refers.

Having regard to the response provided by the Director of Complaints Resolution Agency (DCRA) to Questions on Notice of 2 August 2004 specifically question 2 which relates to the number of Redress of Grievances statistics including; service rank, gender, nature of complaint, time scale and category for the last financial year.

There maybe some confusion over the figures quoted by CAF on the 1 March 2004 and the Redress of Grievance figures attributed to Air Force tabled by DCRA on 11 August 2004. CAF stated, 'The result has been that the number of redresses of grievance declined from 173 in 2000 to 37 in 2003.' Where as DCRA indicates that the number of redresses of grievance for 2003/2004 was, '113 from Air Force'. CAF's reference to 37 relates to the number of Redresses considered by the Service Chief in calendar year 2003 and not the financial year, nor the total number of cases submitted in the RAAF.
