Dear Sir/Madam,

I received your reply to my letter, regarding Life Gold Passes to ex-Parliamentarians. I give you permission to pass my opinion on to others if you wish. Because it is my own thoughts. One thing I would like to amend regarding the Prime Minister Mr J Howard.

If the Prime Minister insists on putting the Nuclear waste dump in my backyard South Australia will take the Gold card from him also. Each state looks after their own waste. I think S. A is being treated as a dumping ground with Detention Centres now Nuclear waste. Now come on (sounds like Peyton Abbott) I do have a bright side as well. ☺ Sorry that is not the reason just that I get carried away.

Thank you for reading this letter

Sincerely  
Margaret Rowland MRS
