Subject: Members of Parliament [Life Gold Pass] Bill 2002

We do not believe that any members of Parliament [either Federal or State] should be entitled to a life Gold pass or any pass for life, but to a pass awarded on the basis of 1 year for every 4 years of Parliamentary service. i.e. 20years service gains a pass for 5 years.

This would also apply to all other government entitlements excluding members personal contributions.
