To the Secretary,

The following is my submission on (Life Gold Pass) for Members of Parliament.  
Submission.

I wish to strongly protest against the proposal of a 'Life Gold Pass' for retiring Parliamentarians. They have had their snouts in the taxpayer funded trough for far too long. They wallow in a lifestyle of self indulgence demanding more and more. Chauffered cars for evening functions, digital cameras, and free overseas travel for companions. How does one interpret companions? Now they want a 'Life Gold Pass'. Who do these pompous bigots think they are? Their personal inflated egos far exceed their capabilities. It is time to say no to their selfish demands. A 'Life Gold Pass' should be seen as a badge of shame. Theft of taxpayer money.  
In utter contempt of Politicians.

Mr. J. John
