The Senate Finance & Public Administration Committee  
Dear Sirs

I am strongly opposed to former prime-ministers  
governors-general M.P.s & their spouses having entitlement  
to Life Gold Passes on termination of their services.

It is open to abuse & a burden on taxpayers who  
don't get the overgenerous payouts that people in government  
get.

We are generally over taxed in this country & businesses  
are hard pressed to meet deadlines with this new G.S.T.  
a lot of small businesses have had to opt out from operating  
because it has become uneconomic, the country is also facing  
a severe draught in the long term. so it is time  
the government pulled its horns in.

Yours Faithfully  
H.C. Trotman
