Nov-02	30/05/2003	8/08/2003	City of Playford	Creating New Learning Opportunities for Young People	Playford Salisbury Sustainable Region	Wakefield	SA	City of Playford	Rural	\$71,500	John Anderson	This project will extend the City of Playford mobile library service to pre-schools and primary schools, commencing in the Peachey Belt and then more widely across the City/region.	31%
Nov-02	30/05/2003	8/08/2003	The Smith Family	The Smith Family Learning for Life Scholarship Program	Playford Salisbury Sustainable Region	Wakefield, Makin, Port Adelaide	SA	Cities of Playford and Salisbury	Rural, Outer Metropolitan, Inner Metropolitan	\$113,960	John Anderson	The project will deliver the Smith Family's Learning for Life Scholarship program to an additional 235 students in the Playford/Salisbury area. The Learning for Life strategy seeks to break the cycle of poverty by assisting students from economically disadvantaged backgrounds to remain within an educational institution to develop the learning and life skills to successfully access employment.	42%
Nov-02	30/05/2003	8/08/2003	University of South Australia	Using Peer Tutoring to improve tertiary participation in the Playford/Salisbury region	Playford Salisbury Sustainable Region	Wakefield, Makin, Port Adelaide	SA	Cities of Playford and Salisbury	Rural, Outer Metropolitan, Inner Metropolitan	\$133,100	John Anderson	This project aims to improve the tertiary education participation rate of the region's students, particularly in the science, engineering and IT areas. The need for skill development is a major factor underpinning the anticipated growth in the Playford/Salisbury region, particularly in science and technology related areas at a tertiary level. It is critical that students within the region are able to take advantage of opportunities as they develop and share in their benefits. A major barrier is a lack of successful tertiary participation role models for students among their peers and family structures.	53%
Nov-02	30/05/2003	8/08/2003	Electronics Industry Association	Northern Industry Education & Employment Partnership (NIEEP)	Playford Salisbury Sustainable Region	Wakefield, Makin, Port Adelaide	SA	Cities of Playford and Salisbury	Rural, Outer Metropolitan, Inner Metropolitan	\$325,324	John Anderson	This project proposes establishing an institute to develop education and employment pathways into the electronics, automotive and other advanced manufacturing industries which are a key part of the Playford/Salisbury region's economy. A skilled and adaptable regional workforce is needed to grow these industries in the region and the proposed institute, when fully established, will make a significant long term contribution towards increasing the availability of a suitably trained and skilled workforce within the region.	76%
Nov-02	17/09/2003	14/11/2003	South Australian Research and Development Institute (SAR&DI)	Revegetation By Design	Playford Salisbury Sustainable Region	Wakefield	SA	Cities of Playford and Salisbury	Rural	\$511,383	John Anderson	The project aims to increase the level of native vegetation across the Playford/Salisbury region, leading to greater biodiversity, reduced use of aggressive pest control methods, increased long-term sustainability of the land itself, and improved economic returns for land holders and the region as a whole.	38%
Nov-02	27/02/2004	18/03/2004	City of Playford	Value Adding Adelaide Plains	Playford Salisbury Sustainable Region	Wakefield	SA	Cities of Playford and Salisbury	Rural	\$336,600	John Anderson	This project will integrate research with product development to direct investment in production methods and advances in new and sustainable technologies in the Adelaide Plains region.	84%
Nov-02	15/03/2004	18/03/2004	City of Playford	Adams Creek/Edinburgh Parks flood mitigation and stormwater re-use scheme	Playford Salisbury Sustainable Region	Wakefield, Makin	SA	Cities of Playford and Salisbury	Rural, Outer Metropolitan	\$1,320,000	John Anderson	This project will construct an Aquifer Storage and recovery system that will manage flood waters across a major industrial precinct & allow for the reuse of water by the community & by industry, reducing reliance on the River Murray.	30%

Date Application Lodged	Date Approved	Date Announced	Recipient	Project Title	Sustainable Regions Advisory Committee	Location: Electorate	Location: State	Location	Location: Classification	Grant Amount (GST Inclusive)	Decision Maker	Summary of Project	Percentage of Project SR Funding
Apr-03	20/05/2004	11/06/2004	Regency Institute of TAFE - Elizabeth	The Mayor's Community Leadership Project	Playford Salisbury Sustainable Region	Wakefield, Makin, Port Adelaide	SA	Cities of Playford and Salisbury	Rural, Outer Metropolitan, Inner Metropolitan	\$286,590	John Anderson	The Project will develop emerging and existing local leaders in the Playford/Salisbury region through up-skilling and a broadening of general knowledge in community and economic development and through a mentoring programme. This will assist community leaders to take greater responsibility and ownership for developing solutions to local issues and in leading community development. The project includes a support and development programme for the mentor's and links to the Governor's Leadership Foundation Network.	73%
Jun-03	27/02/2004	Note 2	City of Salisbury	Northern innovation System Project	Playford Salisbury Sustainable Region	Port Adelaide	SA	Cities of Playford and Salisbury	Inner Metropolitan	\$431,904	John Anderson	Existing enterprises will develop new technology based products and services. It will do this by transferring information between research and development and industry, through facilitating commercialisation of new products into export markets and by initiating collaborative networks.	85%
Jul-03	27/02/2004	Note 2	City of Playford	Northern Sound System Project	Playford Salisbury Sustainable Region	Wakefield	SA	Cities of Playford and Salisbury	Rural	\$161,700	John Anderson	This project will generate a community music centre for music and performing arts skills training and a museum of contemporary popular Australian music.	97%
Jul-03	26/08/2004	25/11/2004	City of Salisbury	Wyatt Road Redevelopment Project	Playford Salisbury Sustainable Region	Wakefield	SA	Cities of Playford and Salisbury	Rural	\$1,100,000	John Anderson	This project will construct a 1200 metre section of road, incorporating a creek crossing, railway crossing and roundabout which will provide a connection to arterial roads to the Port of Adelaide and the north of the State. The project constitutes the second phase of the three phase major Wyatt Road redevelopment project and will link the developing Edinburgh Parks Industrial Estates with Heaslip Road, leading to the Port of Adelaide, the Department of Defence (DSTO) and a General Motors Holden plant.	43%
Jan-04	6/07/2004	8/07/2003	City of Playford	The Elizabeth West Industrial Precinct Computer Aided Design, Manufacturing Project	Playford Salisbury Sustainable Region	Wakefield	SA	Cities of Playford and Salisbury	Rural	\$690,250	John Anderson	The project will establish a regional Computer Aided Design/Computer Aided Manufacturing (CAD/CAM) centre where small to medium enterprises (SMEs) can gain access to high end design software and ongoing technical support through an "Australian first" licensing agreement. The project will also provide access to training CAD/CAM software for the region's tertiary institutions and secondary schools.	44%
Feb-04	6/07/2004	15/07/2004	University of SA	Northern Adelaide Health & Wellbeing Project	Playford Salisbury Sustainable Region	Wakefield, Makin	SA	Cities of Playford and Salisbury	Rural, Outer Metropolitan	\$397,100	John Anderson	The project addresses gaps in the provision of clinical and primary health services across northern Adelaide.	44%
Jun-04	26/08/2004	25/11/2004	City of Salisbury	Edinburgh Parks South Storm Water Harvest and Reuse Project	Playford Salisbury Sustainable Region	Wakefield, Makin, Port Adelaide	SA	Cities of Playford and Salisbury	Rural, Outer Metropolitan, Inner Metropolitan	\$1,100,000	John Anderson	This project will build a storm-water harvesting, storage and distribution system with an initial capacity of 760 megalitres per annum and further expansion capability, combining stormwater management for flood mitigation with water harvesting for use by local industry and community facilities.	42%

**Please note the following**

NOTE 1 Applications are not allocated a project number under the Sustainable Regions Programme

NOTE 2 A change in procedure required that the Minister make a formal decision on 'not recommended' projects. This was achieved for projects to that time by a combined Minute signed by the Minister on 13/08/2003. All proponents had already been informed of the non approval of their projects by their prospective Executive Officer.
