# NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2006

#### 1. Summary of Accounting Policies

#### Financial Reporting Framework

The trust is not a reporting entity because in the opinion of the trustee there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy specifically all of their information needs. Accordingly, this "special purpose financial report" has been prepared to satisfy the trustee's reporting requirements.

The financial report has been prepared on the basis of historical cost and, except where stated, does not take into account current valuations of current assets.

The financial report has been prepared in accordance with the basis of accounting specified by all applicable Accounting Standards and Urgent Issues Group Consensus Views, and the disclosure requirements of accounting standards AAS 6 "Accounting Policies".

#### Significant Accounting Policies

Accounting policies are selected and applied in a manner which ensures that the resultant financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions and other events is reported. The following significant accounting policies have been adopted in the preparation and presentation of the financial report:

#### Investments

All investments are carried at valuation except where in the opinion of the trustee, valuation is not materially different from cost in which case they are accounted for at cost.

#### Depreciation

Property, plant and equipment, other than freehold land, are depreciated over their estimated useful lives, using either the straight line or diminishing balance methods.

Profits and losses on disposal of property, plant and equipment are taken into account in

determining the operating result for the year.

#### Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST. Receivables and payables are recognised inclusive of GST. The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

#### Income tax

The trust is not subject to income tax.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2006

#### Revenue recognition

Revenue from the sale of goods and disposal of other assets is recognised when the entity has passed control of the goods or other assets to the buyer.

Revenue from the provision of services is recognised when the services have been provided.
