TRUSTEE'S DECLARATION FOR THE YEAR ENDED 30 JUNE 2007

As detailed in Note 1 to the financial report, the trust is not a reporting entity because in the opinion of the directors of trustee company there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy specifically all of their information needs. Accordingly, this "special purpose financial report" has been prepared to satisfy the trustee's reporting requirements under the trust deed.

We declare that to the best of our knowledge and belief:

- The financial report has been properly drawn up in accordance with the policies described in note 1 to the financial statements so as to present fairly the results of the operations of the trust for the financial year and the state of the trust's affairs,
- 2. The statements are in accordance with the accounting and other records of the trust,
- The trustee has reasonable grounds to believe that the trust will be able to pay its debts as and when they fall due.

1. SUMMARY OF ACCOUNTING POLICIES

Financial Reporting Framework

The trust is not a reporting entity because in the opinion of the trustee there are unlikely to exist users of the financial report who are unable to command the preparation of reports tailored so as to satisfy specifically all of their information needs. Accordingly, this "special purpose financial report" has been prepared to satisfy the trustee's reporting requirements under the trust deed.

The financial report has been prepared on the basis of historical cost and except where stated, does not take into account changing money values or current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets.

The financial report has been prepared in accordance with the basis of accounting, but not the disclosure requirements, specified by all applicable Australian accounting Standards and UIG Consensus Views.

Significant Accounting Policies

Accounting policies are selected and applied in a manner which ensures that the resultant financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions and other events is reported. The following significant accounting policies have been adopted in the preparation and presentation of the financial report.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST. Receivables and payables are recognised inclusive of GST. The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Income Tax

The trust is not subject to income tax because it distributes all taxable income to unit holders.

Revenue recognition

Investment revenue, including interest and dividends, is recognised on an accrual basis. Revenue from the disposal of other assets is recognised when the entity has passed control of the assets to the buyer.
