DIRECTOR'S REPORT

D Ross First I would like to raise the issue of the change of location for this meeting. It was meant to be at Limbla, but Region 4 said they won't be coming if it was there because of all these rumours of people being kidnapped, etc.

D Ross I will give you a quick report and then we will break into Regional Groups for discussions. From Director's Report I have a few things to tell you. Staffing – we still got a few people coming and going. As of yesterday we have a new Manager for Native Title – Philip Watkins. One of our anthropologists is leaving to be a lawyer at Legal Aid as well.

I have spoken about us getting a new building. The Minister wrote back and said if we can do a commercial deal he will look at it. He won't give us any money from ABA. We made up a plan and sent it into the Minister, we are now waiting for a response.
