

To The Standing Committee on Finance  
and Public Administration  
The Senate, Parliament House,  
Canberra Act 2600.

17 FEB 2009

2nd February 2009

Dear Sir/Madam. Re Proposed Plebisite for a Republic.

It is a pity that our Politicians do not acknowledge or realize that we have the best Constitution in the World, which was put together by our Wise Forefathers who wanted to protect us from over ambitious Politicians. Our Constitution has all the checks and balances to protect us the General Public.

If there is any change needed, then the procedure in Section 128 of the Constitution should be followed and not have our Constitution over ridden by dubious legal adjustments.

We are not protected by the Queen, but by the Institution of the Crown, Constitution and Senate.

Republics in the past have left much to be desired eg France, Russia, Germany and of course Africa and South America. We do not want to see this happening in Our Country Australia.

Yours Sincerely
