RE - PLEBISCITE FOR AN AUSTRALIAN REPUBLIC

Dear Committee,

It is my understanding that this "Republic Plebiscite Bill" is now before the Parliament. It is also my understanding that "a plebiscite" is not the proper process for constitutional change.

I simply wish to state that I do not want a plebiscite. After all, it is only ten years since the Republic Referendum was held, and failed. Please put our money to better use and advise Senator Brown to stop flogging a dead horse.

Yours faithfully,
