The Standing Committee on Finance and Public Administration,
% Parliament House,
Canberra, Act. 2600.

Written Submission into the Plebisite for an Australian Republic Bill
2008

Dear Hon. Standing Committee,

It is with earnest concern that I write to you regarding the preserving of our heritage of The Flag, The Crown and the Constitution. Our current system of government is a tried and proven system of government. Could I encourage you to refrain from the Plebisite action against our Constitution especially in the current political and economic uncertainty, in which most people don't know your proposed plebisite changes. Our Constitution makes a clear and plain statement: "Humbly relying on the blessing of Almighty God."

Could you send me a copy of the proposed bill to read. It is with passionate concern that I am writing to you, asking you to re-consider your stance concerning the Republic Plebisite. Please re-consider your stance on this very important issue.

Yours faithfully
