

This is my submission  
re. Sen. Brown's plebiscite (question)  
NO, I don't support Australia becoming  
a republic!!

Everyone should read Sir David Smith's book  
Head of State,

then the republicans have nowhere to go.  
The High Court has undermined their central,  
most often, misleading, dishonest, obvious  
argument!

What will Sen. Brown's model look like?  
Get me in on it! What could be better, more  
attractive, more stable than the present  
Constitution 1.1.1901 ???

Every country that has already dumped the  
British Crown

is in strife! (India - Limbabwe)

We have the best system of government!  
Let's not create another dictatorial communist  
country.

Let's stay free, and love every bit that our  
founding Fathers have so carefully designed  
with us, and for us to enjoy! God bless them!
