

The Chairman,
The Standing Committee of
Finance & Public Administration,
A.C.T.

Dear Sir,
I do not want Australia turned into
a republic, because I do not want to live in a
republic.

Republics are notorious for continual
unrest.

Australia is the most peaceful country
in the world to-day, by the fact that it is not
a republic.

Australia is a Constitutional Monarchy,
despite efforts to introduce, by stealth, re-
publicanism, by circumventing, here & there,
the Australian Constitution.

All this aside — the question of
Australia, to be or not to be, a republic
must be settled by referendum.

Yours faithfully,
