

*To Whom It May Concern,*

*I have been following the news of this Agreement's development since it was first mooted and in all the newspaper reports and TV reports I have heard absolutely NOTHING that will be of benefit to Australia but much that will be of benefit to America.*

*|*

*Therefore, I urge you to reject and if that's not possible then modify this extraordinarily iniquitous treaty with the United States.*

*Please, please, please do not allow us to move further into the beast's belly by allowing them more access and influence over our national media, more backdoor tampering with our Hospital Benefits Scheme, more access to our markets for their unwanted products—in short do anything and everything possible to keep our country from becoming their new state.*
