Little benefit, if any, can be seen for Australia in this agreement. We will be required to give too much for too little gain

Let me show a few NoNo's which could spell disaster for this country:

- 1) Quarantine
- 2) Services
- 3) Investment
- 4) Agriculture
- 5) Tariff cuts
- 6) Pharmaceuticals.

These are only the tip of a huge iceberg. Better let the idea lapse; this would do no harm to our long standing mutual friendship.

Yours faithfully

Thomas Moynihan
