

I would like to urge, as strenuously as I can, that the committee find that the Senate should NOT pass legislation enabling the FTA. Frankly, I see enough "Yellow Arches" & myriads of other American commercial icons here in Australia to make me wonder what our ANZACS fought for: to keep Australia free for Australians? or was it to keep Australia free for Uncle Sam & Giant US Transnational Corporations? I fear for my children and my grand-children that what the Australian government is seeking to do in this so-called agreement will rob them of their birth right, will rob all of us our integrity and will sell every last vestige of Australian culture for a mess of pottage. Yours in hope & optimism,
Peter Hannan,
