

Senate Select Committee
on the US Free Trade
Agreement.

Dear Senate Committee

Many of us live in the reality
that Spirit lives in everything
to do with human beings on
Earth. Universal Spirit connects
us all; human beings, plants,
animals, sea and rocks.

The Law of Inversion tells
us that everything that man
experiences inwardly will be
experienced outwardly at another
time. Imagine all (are collective
greed, selfishness, hatred, fear
and doubt, being unleashed
on man, kind at some time!!

On the up side, man has

instead, the chance of transforming 2.
Earth into a Star of Love which
will shine spiritually, just as the
Sun shines to day.

For this to happen, we need
to forge a new social future,
one based upon brotherhood,
rather than on economic ration-
alism and dead materialistic,
scientific thinking prevailing today.

Free Trade Agreements
definitely have nothing
Paternalistic about them. We
need globalization based on
brotherly love, not on exploitation
and freedom of the strong to
take from the weak.

What is Fair about the
US - Aust. Trade Deal?

- (1) economic benefits are unclear
- (2) USFTA dispute process limits
democracy

3 Higher costs of medicines - up³.
to 4X more, satisfying US
drug companies

4. significantly greater limits
on the abilities of state and
local governments to freely
regulate service in the future
and one which concerns me
greatly ... US influence on
food labelling. I support organic/
biodynamic agriculture. I am
against genetically modified
foods. US does not have
labelling of GM foods. This has
grave repercussions for me to be
able to make informed choices
as is my right and duty as a
citizen of a democratic country.

There are many more
objections as you will know

I beg of you, consider
carefully before you sign anything
away. At the day of Reckoning,
the only thing which will matter

for the "here-after" is the
question of Parsifal and the
Holy Grail and how we implemented it
on Earth. "What ails thee?"

How can I be there for Thee?

A live on earth lived without
morals and concern for my fellow-
human beings will make for a
very lovely existence in the
Spiritual World.

Bless you all and may
you make the right decisions.
