

" MY COMMENT ON THE F. T. A. "

They're lunatic-led, I postulate,  
therefore we should stipulate,  
we won't become too intimate,  
just let our distance, insulate.

At very least let's all debate,  
what outcome they anticipate,  
we should at first investigate,  
the motives of United State?

I don't think we should congregate,  
with such a huge conglomerate,  
the power that they accumulate,  
should give us cause to hesitate.

I fear we'd be subordinate,  
in such an odd triumvirate,  
our chances to communicate,  
would be, I think, inadequate.

America, China and us, an unequal combination,  
We'll be the meat in the sandwich, just the poor relation,  
Between the rock and the hobs of Hell, a nasty place to be,  
It will be impossible for us, to live in harmony,  
I reckon we will be at peace, the Peace of Death, I fear,  
They'll soon clip off our Golden Fleece, and leave us shorn and drear!

Jack Harris, Millmerran.
