Question 1**

Chair – Is PHCAP, the Primary Health Care Access Program being rolled out in the Cape York Area?

Answer

Cape York is a PHCAP 'capacity building site' and as such does not have access to PHCAP 'implementation' funding at this stage. A Regional Planning process is about to commence which follows on from the PHCAP funded community planning process that has almost been finalized by Apunipima.

It is hoped that PHCAP implementation funding will become available at the completion of the Regional Planning Process in Cape York.
