

The Secretary,  
Senate Legal & Constitutional  
Reference Committee,  
Parliament House,  
Canberra, A.C.T. 2600

Dear Sir, Reference Senate Inquiry into  
an Australian Republic

On the 6 November 1999, the people  
of Australia had the good sense  
to resoundingly vote NO to a  
Republic in all States & the  
Northern Territory in 72% of  
Federal electorates.

The Australian people rejected the  
Republic at a Referendum.  
The Senate proposal is not just  
a waste of taxpayers resources, but is  
also an abuse of the democratic  
process.

yours faithfully,  
(Mrs) Phyllis Stephenson
