Re: Inquiry Into An Australian Republic

I herewith wish to advise the Committee that I totally object to the formation of a Republic in this country and am positive that I am not the only citizen in Australia to have this view. I also do not agree to any Constitutional changes and I do not want to see or hear of any planned Plebiscites.

These would contravene our Constitution and the Law of this country and would also disallow an individual's own comment as the text of a Plebiscite would be restrictive.

The Inquiry's Terms of Reference are **NOT APPLICABLE** and questions 1-30 are all **NOT APPLICABLE**.

Please record my Objection accordingly.
