To Whom It May Concern:

I am Dylan Falzon and I am ten years old the son of Steven Falzon .Both of my parents were born in Australia. I was born in Malta and I go to Primary school .My hobbies are football, soccer and in summer I like swimming a lot. At school we do not have a gym or a soccer field .My dad always tells me about Australia, about school outings and how good it is to take part in sports. This year my parents are taking me for a holiday in summer to see Australia .I can't wait to go to see my uncles, cousins and friends of my parents. We are going to celebrate the Christmas and the New Year there.

I hope you arrange the dual citizen for my mum and dad so maybe I can go to live there in the future.

*You're faithfully,
Dylan Falzon*
