

Malcolm Vella

Dear, To whom it may concern,

I am writing this letter to put forward my plea to obtain the Australian citizenship.

I feel that I am already an Australian citizen, through my mother, because herself has stayed in Australia. I think that Australia will benefit from having me as a citizen because we Maltese are very capable and motivated people. The Island of Malta has a very rich culture, many different people has occupied it, and this makes us Maltese, understand other cultures and integrate very easily with all kinds of people. By being an Australian, makes it easier for me to visit my numerous relatives that I have in Australia and will be able to keep close contact with them. Also Australia will benefit if I obtain my citizenship for various reasons, to mention some :- I am a very motivated person and have a high level of education.

Thank you for giving me the opportunity to voice my request.

Yours Truly
MALCOLM VELLA.
