

Dear Senate Inquiry - Shared Parental Responsibility Bill 2005

This is a my submission to the Senate Inquiry into the provisions of the Family Law Amendment (Shared Parental Responsibility) Bill 2005

Wow! You people really are backwards! How can more parenting time with fathers expose mothers and children to more violence! That is the most ridiculous thing I've heard! You people are need need of a lot of help!

Most fathers are decent people that just love their kids. Considering that 90% of domestic violence allegations in cases of divorce and separation are bogus and unsubstantiated, I don't think you have much of a problem. Why not penalize those ignorant women who make bogus claims, and diminish the claims of women and children that are actually experiencing violence. These selfish self centered people are stealing resources from women and children requiring real help.

Please consider what you are doing to children and non-custodial parents when you dont' allow and enforce shared parenting rights. Marriage ends with divorce, parenting doesn't!

Divorced mother of two beautiful children.

Thank you for reading my submission
