

To the Committee Secretary—Dept of the Senate - Submission on Mandatory Detention.

I am one of the many voters who strongly object to the way this government has handled the issue of desperate refugees. It is hard to believe that at the same time these politicians spruik Christian values - I wonder when they last read 'The New Testament'.-if ever. The reputation of politicians is very low - they are generally despised as heartless and self-seeking. Thank God for the few Liberals with the guts to stand up to the robotic PM and the Liberal Party machine. Barbara Couston Cliff Elanora Hts.
