

Dear Owen,

I know this is a very late response to your question on notice, however Bret has been in Perth - heavily involved in a mediation - and hopes his answer is not too late. I quote him thus:

"In my opinion, what the Human Rights and Equal Opportunity Commission put in their paras 2-11 under the heading "Sedition" in its supplementary submission of 17th November is a respectable opinion, with which I largely agree."

regards

Maggie
