Detective Senior Sergeant Jeff Fussell, Officer In Charge WAPOL Telecommunications Interception Unit is WAPOL's representative on a number of National Committee's which meet quarterly to discuss and address technical, legislative and policy issues relating to the telecommunications industry.

The Telecommunications (Interpception ) Ammendment Bill 2006 has been discussed during these quarterly meetings and Detective Senior Sergeant Fussell advises me that the vast majority of amendments being proposed have eminated from the national committee's recommendations.

WAPOL is supportive of the proposed amendments to the Bill.
