

Dear Sir/ Madam,

Please oppose any moves to undermine the current values on marriage. Marriage can only be between a man and a woman as ordained by God and dictated by basic human values. The sanctity of marriage needs to be kept and cannot be compromised because of a few people. We are living in a modern era but that does not mean that we can live in any way we want. Marriage is there for a purpose and that should not be changed.

Marriage is about love, commitment, fidelity, and the stable nurturing of children where they are the product of marriage. These qualities are what make marriage the building block of society. This should not be compromised to suit the ideas of a few people with no basic human values who are more interested in their sexuality.

Marriage is between man and woman and should remain that way!!!

Thanks

Jinu Abraham
