

Re: the Marriage Equality Bill

I would request that the senate does not pass the bill to change the meaning of marriage. By definition marriage means 'the legal union of a male and female for life'.(Macquarie dictionary).

If people of the same sex wish to commit themselves to a legal union for life, then I would suggest that another word is used which defines that relationship.

The meaning of marriage has stood for thousands of years, and I strongly disagree with changing the definition.
