

28th August 2009

Dear Sir/Madam,

I am in a loving and committed relationship with my same-sex partner for 2 years now and we intend to get married like any other loving couple in Australia. I think that we should be given this basic right to wed since there are no good reasons given thus far to convince us otherwise.

Please give us a chance as we are not asking for much. Your grant would make such a big difference to our lives.

Yours sincerely,

Kim Tien
