

To Our government,

I am a straight married woman. I am happily married with children and it is the greatest joy of my life to have been able to stand in front of my friends and family and commit myself to the man I love.

I do not understand why in this day and age the right of marriage is not available to all people regardless of whether they are straight or gay couples. They have as much right as any one else. They pay their taxes and give to the community. They work, live, and love just like us does the gender of the person they love really matter?

PLEASE LEAGALISE GAY MARRIAGE...

Thank you.
