

To....

My name is Amparo Landman and I wish to express my support to the same sex couples right to marriage. I believe that denying gay and lesbian people the right to consolidate their relationships through marriage is discriminatory and an embarrassment for Australia.

I am not a part of the gay and lesbian community but I certainly wish equal rights for everyone who lives in this country. I want my children to grow up in a place that has respect and equal opportunities for all.

Please allow same sex couple to marry!

Best regards,

Amparo
